HENDERSONVILLE, N. C.

Year-Round Resort in the Land of the Sky

PREFACE

POPULATION

Henderson County of which Hendersonville is the county seat has approximately 31,000 inhabitants. The population of the City of Hendersonville is 6,103, community 12,500, township 16,580.

Located on a broad plateau, on top of the beautiful Blue Ridge Mountains, 2,146 feet above sea level, Hendersonville is easily accessible from all directions. It is situated on the Ontario-Florida short route U. S. 25; on the Appalachian Way from Chicago to Charleston, S. C.; and on U. S. 64 from Sante Fe, New Mexico, to the Atlantic Seaboard. It is on the Southern Railway System and is served by the Greyhound Bus, Carolina Scenic Coach Lines, Queen City Coach Co., and City Bus Company. In addition to the Hendersonville Airport, the Asheville-Hendersonville Airport, midway between these cities, affords excellent travel facilities, serviced by Delta Air Lines, Capital Airlines and Piedmont Airlines.

CLIMATE

Hendersonville's climate is free from extremes of heat and cold. The average temperature for the three coldest winter months is 38.7 degrees, while for the three warmest summer months, the average temperature is 71. The average daily range in temperature for July and August is 22 degrees, which is a popular feature of the climate of the Hendersonville territory. The average yearly rainfall is 59.5 inches; average date of first killing frost in autumn is October 16; average date for the last killing frost is April 22.

GOVERNMENT

Hendersonville is governed by the Mayor-Commissioner form of government.

TOURIST ATTRACTIONS

A modern, cosmopolitan resort city, Hendersonville entertains thousands of visitors annually. Such scenic attractions as the Great Smoky Mountains National Park, Chimney Rock, Caesar's Head, Jump-Off Mountain, Mount Mitchell, Pisgah National Forest and others are easily accessible to motorists over an excellent system of paved highways.

Highly varied and numerous accomodations are available.

Hendersonville offers to visitors many forms of recreation and amusement, among which are an 18-hole golf course, swimming, fishing, dancing, hiking, and good movie theatres, horseback riding, and tennis, and other varied sports.

BANKS

Hendersonville's banking facilities are provided by the State Trust Company, an institution whose assets are mounting rapidly. All forms of banking service are supplied, and individual deposits are insured up to $5,000 by the Federal Deposit Insurance Corporation. It is a

(Continued on page 8)

(Continued from Page 7)

depository for City, County and North Carolina State funds. Its assets exceed eight million dollars.

SCHOOLS, CHURCHES AND SUMMER CAMPS

Distinct advantages are offered in the field of elementary and high school education. In addition to three well equipped and modern buildings for the high school and elementary pupils, there is the preparatory school, Blue Ridge School for Boys. The Immaculata Catholic School instructs children from the first through the eighth grades.

The Hendersonville community prides itself on its religious atmosphere. In addition to churches of practically every denomination, the community is fortunate in having two religious assembly grounds operated by the Protestant Episcopal and Associated Reformed Presbyterian Churches. Also, nearby is a Baptist ministerial institute and a Methodist youth camp.

Many summer camps for boys and girls are located in this and surrounding counties of Western North Carolina. Trained leaders take the youth under their personal supervision for the vacation period and teach them how to know and appreciate nature in the fullest measure.

AGRICULTURE AND INDUSTRY

Henderson County is rapidly becoming better known as a farming section for diversified crops. The climate and soil have been found idealy suited for the growing of apples and practically all truck crops. The Henderson County Mutual Curb Market, owned and operated by farmers, has in a large way improved the retail outlet for their products.

The varied industrial life of the community makes for an ideal condition for additional plants. Henderson County has inducements to offer prospective manufacturers in the way of super power, reasonable industrial sites, ample water for domestic and industrial purposes, native, easily trained labor, healthful climate, moderate all-year temperature, proximity to raw materials and comparative nearness to the center of the eastern half of the United States.

CIVIC ORGANIZATIONS AND CLUBS

Civic organizations and clubs include Kiwanis Club, Rotary Club, Exchange Club, Executive Club, Lions Club, Woman's Club, Golf and Country Club, American Legion, Junior Welfare Club, Chamber of Commerce, Junior Chamber of Commerce and Veterans of Foreign Wars.

WATER SUPPLY

Coming from the slopes of Mount Pisgah, in the Pisgah National Forest, Hendersonville's water supply is as pure as water can be. The watershed, located entirely within the national forest, has not only the protection afforded by heavy forestation, but in addition, is patrolled by Federal officers whose duty it is to know the purposes, movements, and conduct of those who are privileged to visit the forest. The water system is controlled by a Board of Water Commissioners composed of three members who are appointed by and receive their authority from the State Legislature.

For Additional Information Regarding Hendersonville or Vicinity, write

MILLER'S
Street Directory
—OF—
HENDERSONVILLE, N. C.

GIVING NAMES OF HOUSEHOLDERS, THE NUMBER OF OCCUPANTS IN EACH HOUSE, AND DENOTING BUSINESS PLACES

VOL. XII **1952-1953** **VOL. XII**

NOTE—Streets are arranged in alphabetical order. All house numbers are arranged numerically following the description and location of each street, giving the name of householder. The number in parenthesis after name denotes number of occupants in each house.

Dash (—) before name denotes that number is wanting.

(•)—Before name denotes home-owners.

(*)—Purpose of star (*) in front of name is generally used to denote colored person or firm, but its use is so varied that we assume no responsibility for errors or the wrong use of same.

Out of Sight • Out of Mind

★ *Out of Business* ★

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

★

The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on being well represented in its pages.

SOUTHERN DIRECTORY CO. **ASHEVILLE, N. C.**

This Publication is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.
5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publications.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers ,rather than on the number of copies sold.
8. To co-operate with approved organizations and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.
